

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA334P.

PEUGEOT 308 II

1. The cabin air filters are located in the passenger footwell behind the centre console. For better working space, slide the passenger seat all the way back.
2. Remove the lower side trim by removing the round clip securing it and gently pull the trim out.
3. The cabin air filter housing lid will be visible at this stage. Press the middle tab on the lid and pull out.
4. Grab the paper tab of the lower filter and pull out. The second filter will drop down and again pull it out from the paper tab.
5. Clean the area and insert the first filter. Make sure it is facing in the right air flow direction and push it up. Insert the second filter under the first filter making sure it is facing in the right air flow direction.
6. Close off the housing and refit all components in reverse order.
