

RYCO FILTERS

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA245P.

SUZUKI KIZASHI FR

(Filter is located behind glove box)

1. The cabin air filter is located behind the glove box in the passenger side. The glove box needs to be removed.
2. Open the glove box and disengage the strut on the side by pulling to the outside then press in the rear top corners to disengage the retaining lugs. Remove the compartment and proceed to remove the owners manual tray by sliding it towards the door and pulling down and out.
3. Unclip the cabin air filter housing lid.
4. Slide the old filter out carefully to avoid accumulated debris being spread around. Clean area and insert the new filter making sure it is in the correct air flow direction. Refit all components in reverse order.
