

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA342C.

JAGUAR XJ8 / XJR V8 ENGINE

1. The cabin air filter is located on the passenger side in the engine bay
2. Open the bonnet and locate the cabin filter cover inside the engine cowl below the windscreen.
3. Unlock the two retaining tabs to open the cover, remove the filter carefully to avoid any accumulated debris from being spread around and clean the area. Replace the new filter making sure it faces to the correct air flow direction and refit all components in reverse order.
