FITTING INSTRUCTIONS FOR RYCO CABIN AIR FILTER RCA277M

HYUNDAI I-LOAD AND I-MAX

Filter is located behind glove box

1. The cabin air filter housing is located behind the glove box. To gain access, the glove box must be lowered from the upper stops .

2. Open the glove box. Remove the upper stops. Remove the strut attachment on the outside of the glovebox. Allow the glove box to lower completely.

3. Remove the cabin filter housing cover. Slide out and each of the two cabin filters one at a time. Remove and clean any remaining debris in the housing.

4. Insert the new filters into the housing. Look for UP arrow mark on one of the side of the filter to identify position direction. Refit all components in reverse order.
