

## FITTING INSTRUCTIONS FOR RYCO CABIN AIR FILTER RCA179P HONDA CIVIC TYPE R, FK HATCH & R30

The cabin air filter is located on the passenger footwell area against the centre console. First start by removing the trim located underneath the glovebox. Simply pull from the locations indicated and the trim will unclip.

With the cover trim out of the way it is easy to identify the cabin filter housing sitting close to the firewall. Pull from the plastic hook as indicated to access filter

Pull the old filter out and replace with Ryco cabin air filter. Making sure it is in the right direction. See the side of the filter for direction indication. Refit all components in reverse order.
