

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA216P. KIA SOAL (AM)

1. The cabin air filter is located behind the glove box compartment, it will have to be removed to gain access to the cabin air filter.
2. With the glove box closed remove the 3 screws at the bottom of the unit then open the compartment and remove the other 3 screws on the top section. Now you can pull the complete compartment unit out.
3. The cabin air filter housing will be next to the air blower.
4. Unclip the lid, remove and slide out the old cabin air filter carefully to avoid any accumulated debris from being spread around. Clean the area and insert the new filter making sure it is facing in the right air flow direction. Refit all components in reverse order.
