

RYCO FILTERS

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA280P. VOLVO XC90

1. The cabin air filter is located below the glove box compartment.
2. For better working space slide the passenger seat all the way back. Right below the glove box is a plastic trim covering the cavity in the footwell area. Undo the two (2) screws securing it and remove.
3. Identify the cabin air filter housing lid that has four (4) screws securing it. Undo them all and remove the lid.
4. Slide out the old cabin air filter carefully to avoid any accumulated debris from being spread around.
5. Slide in the new filter making sure it faces the correct air flow direction and refit all components in reverse order.
