

## FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA302P.

### SSANGYONG Actyon

1. The cabin air filters are located behind the glove box compartment.
2. Open the glove box and empty it of any stored items, it will make the job easier. Remove the 2 inner tabs located inside the glove box on each top corner to unhinge the lid so it is able to be opened fully.
3. Identify the opening in the back panel, the cabin air filter housing is in there. Open it by pulling the cover from the top.
4. Slide the old cabin air filters out, one at a time, then clean the area of any accumulated debris.
5. Insert the new cabin air filters facing in the correct air flow direction as indicated on the filters.
6. Refit all components in reverse order.
