

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA324P.

HOLDEN Epica

1. The cabin air filter is located in the engine cowl on the passenger side.
2. Open the bonnet of the vehicle and remove the sealing strip from the engine cowl plastic cover.
3. Identify the cabin air filter housing lid and proceed to open it by unclipping it from the front. There are two tabs.
4. Slide the old cabin air filter out and clean the area from any accumulated debris.
5. Insert the new cabin air filter facing in the correct air flow direction as indicated on the filter.
6. Refit all components in reverse order.
