

RYCO FILTERS

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA190C. LANDROVER FREELANDER II; VOLVO S80, V70, XC60 & XC70

1. The cabin air filter is located in the centre console in the passenger side at the far end of the footwell lower trim. To gain access the glove box compartment must be removed.
2. Open the glove box and press inwards on both top corners of the compartment so the retaining lugs can be by passed. Open slowly in case there are any connections or attachments to the compartment that will need to be disconnected or removed.
3. Pull out the fabric cover and proceed to unclip the two plastic clips of the fuse box. The cabin air housing will be located to the right.
4. Unclip the housing lid and slide the old cabin air filter out carefully to avoid any accumulated debris from spreading around. Clean the area and insert the new filter making sure it is facing in the right air flow direction marked on the filter. Refit all components in reverse order.
