

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA319P.

SUBARU Impreza (1996 -2007) - Twin Pack

Also Fits: SUBARU Forester (1999 - 2002)

1. The cabin air filters are located in the passenger footwell below the glove box compartment.
2. Slide the passenger seat back to the maximum position away from the dash to allow for a better working space. Get yourself in the footwell area and identify the plastic cabin air filter housing cover (see picture below)
3. The lid has one end secured with 2 screws to the housing and the other end slides through a tab in the opposite corner of the housing (see arrows in pic below).
4. To remove the lid, take both screws out from the lid and slide it out.
5. Pull the cabin air filters out by pulling the tab on each filter, clean the area of any accumulated debris and insert the new cabin air filters in the right air flow direction as indicated on the filters.
6. Refit all components in reverse order.
