

RYCO FILTERS

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA263C.

RENAULT LAGUNA

(Filter is located behind glove box)

1. The cabin air filter is located behind the glove box compartment.
2. Open the glove box and check for the screw in the centre of the back panel, remove the screw. The screw aside the compartment is also secured by four clips, two at the top and two at the bottom. First pull down the top and continue with pulling up the bottom to unclip it.
3. Remove the inner compartment and the filter housing will be easy to spot. Remove the two bolts holding the housing lid and pull the lid out.
4. Reach for the filter and remove by sliding it out. Clean the housing of dirt etc., and fit new filter with the right air flow direction (see side of filter for direction) and refit all components in reverse order.
