FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA154P. HOLDEN ASTRA TR & CALIBRA YE

- 1. The cabin air filter is located under the engine cowl in the engine bay towards the middle.**
- 2. The engine cowl trim is located right after the wiper blades inside the engine bay has to be removed. Start by pulling out the rubber gasket along the trim.**
- 3. Pull the plastic trim up and then out carefully to avoid braking any of the clips.**
- 4. The cabin air filter will be in the middle section, unclip both corners and slide it out carefully to avoid any accumulated debris from being spread around. Insert the new cabin air filter making sure it is facing in the right air flow direction marked on the filter**
