

RYCO FILTERS

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA277P. HYUNDAI I-LOAD

1. The cabin air filter is located behind the glove box compartment unit.
2. Open the glove box and remove both top corner lugs on the inside of the compartment. Once removed, unhinge the strut facing the door allowing the compartment to drop completely.
3. Remove the cabin air filter housing lid by unclipping it and slide out the first of the two old cabin air filters. Avoid any accumulated debris from being spread around and repeat the process with second filter inside.
4. Slide in the new filters making sure they face to the right air flow direction and refit all components in reverse order.
